FOREWORD
by: R. BLANCHARD

This work is presented by the I.G.O.S., in more modern English, in order to better relate its earlier translation and transcriptions to our readers, while also bringing better access to its ancient messages forward into the New Age. Antiquity still has many discoveries to offer us in our present times, and the I.G.O.S. continues to publish these otherwise "lost" ideas. As you read these pages of rare text, consider what a wealth of ancient wisdom has thus been saved! By our efforts in printing such rare works as this one, our *Grimoire SALOMONIS*, which we have so entitled concerning the historical work of The Lemegeton, the actual Lesser Key of King Solomon.

It does not imply that it is a "lesser" work, in any way, for it stands the true test of time in being the major work it actually is, as the Lesser Key which had lain undiscovered for nearly three centuries in the form we now present. Historically, the original format is very like many of the subsequent Old World grimoires, those which served as "notebooks" of the great Magicians, throughout time. This is a record of the elements of a particular form of High Magic, from the ancient times of Solomon, if not the practice, itself. Here is an updating of these notations on this form of ancient Magic, by King Solomon's own inspirations of the times, in this English transcription we here present. In this spirit, it is presented in a format which we believe to be in keeping with the original flavor, order, and content, with applicable referenced footnotes, of the Lemegeton, the Lesser Key, of the Clavicula Salomonis of either fame or of infamy, depending on the point of view taken. The I.G.O.S. takes no stand either for or against this work, but does seek to report on and preserve the valuable notations for our readership.

As with all grimoires, one should be open-minded and relate them to their own times and locations, interpret the basic information given, even "read between the lines" (as many such works intended), and use other supportive materials to fill in the gaps, where needed. Unlike many of the hard-won battles over ancient language translations, this text is a gift from a long sequence of translations, being translated and transcribed by several unknown monks or scribes, in Older English, in 1641. It survived in good shape, perhaps because of so little handling since that time, being somewhat "lost" in the archives which ended up in the Library of the British Museum. The older Latin text had to have been translated from ancient Greek, based upon the earlier Hebrew texts, and no doubt some of the Persian and Chaldean influences of the times had an impact on the first writings. Ancient Babylon and Egyptian persuasions cannot be disregarded, either, since it was common at that time to "borrow" magico-religious ideas from other traditions. King Solomon is said to have admired the foreign and pagan methods and ideology that he incorporated them into his works. With so much translating of other translations, to the scribing by the Christian era, errors and changes were bound to occur, and did. Any of the later kinds of demons, or a Satan as such showed up, perhaps, due to these kinds of distortions representing the older forms of the so-called Good and Evil Ones. Understanding how the more ancient Lesser Deities

became these latter day demons and devils allows for a better perception of what was being addressed in Solomon's original work, since newer religions usually did manipulate such concepts in their own favor.

Can it be clear that King Solomon was the genuine author of this Grimoire? Not entirely; for as likely in this case most of the great masters usually had students and adept followers who went on to record and even compose the works of that Master's works. However, this work is a highly probable reflection of the basic ideas which were prevalent in those times, and many still attribute it Solomon (Shelomah in Hebrew), Son of David and ruler of Israel and Judah during the 10th century BC

As King Solomon, too, Magus Solomon may have enjoyed an extra freedom to walk that line between the worlds of light and darkness in his practice of this form of High Magic.

This publication, then, is a reflection of what the era of Solomon was able to produce, whether or not it can be directly ascribed to his own hand, and this work is in keeping with other writings we find mentioned later on. It resulted in these five books here of the Lemegeton and these are the ones we transcribe in the English of our times, from that 17th century manuscript: THE GOETIA; THE THEURGIA GOETIA; THE PAULINE ART THE ALMADEL OF SOLOMON; and THE NOTARY ART.

The above are presented in original sequence, in PART ONE of this book. PART TWO is the original 17th century manuscript from the British Museum Library which we print the exact copy of. The reader is directed to PART TWO for all of the original materials as the script style, seals, charts, etc., and this artwork from so long ago is still remarkable.

Our present work should not be confused with the "Greater" Key of Solomon The King in the Clavicula Salomonis. The reader's attention is then directed to that important document's translation by S. Liddell MacGregor Mathers (Samuel Weiser, Inc., York Beach; 1989) as collateral information. Mathers mentions the Lemegeton, in his "preface" as being "extremely valuable in its own department," but cautions partaking of "Black Magic... derived from the two Goetic works"...

However, in the "foreword" of the Mather's translation, Richard Cavendish is not at all reluctant to point out that such a distinction between "black magic and white, evil magic and good, is not so simply drawn in practice." Similarly, such elements arise in associated 'in all the primitive religions'... one finds, more or less accentuated, the opposition of an evil principle raised in face of one or several beneficent divinities... and that... in the Zend-Avesta, Zoroaster established the simultaneous existence of two equal principles and enemies; *Ormazud*, the good and the light, *Ahriman*, the evil and the darkness"... yet these forces co-existed, like the elements represented in these forms of Magic, difficult to actually separate in practice.

It is not of so paramount an importance whether King Solomon's hand alone recorded this grimoire completely as it would be the greater reflection of the Magic of that time and area, now passed on to our own age. It has been generally accepted

that Solomon was the author of Old Testament Proverbs, Canticles, Ecclesiastics, as well as the Wisdom of Solomon, and in his Key of Solomon, Mathers accepts Solomon as the original author, too. This Key did come to serve as a long-term model for many of the later ones, such as the various Grimoires, black books, Grimoire of Honorius, and even many of the Faustian theme, those works of a much later period. The student will find numerous connections, as such, by researching some of these, especially the many recent I.G.O.S. publications on this fascinating subject. All are welcome to contact us for more information, comments, or to relate experiences on this form of Magic.

As for OUR version of the Lesser Key, this is the one said to be the most complete of all such works; however, for even more historical background, the reader should look into more of our recent translations which help clear up some of the misconceptions down the ages: Magic and Sorcery in France, by Th. de Cauzons; Satanic Orgy Across the Centuries, by Roland Brivannes, are both excellent to discover many of the distortions affecting this and other works on Magic.

The Lesser Key was designated as #2731 in the Sloane manuscripts at the British Museum Library. Curiously, the English translation went undiscovered even up to the 1900s. Both Mathers and Aleister Crowley did take the trouble to translate the entire first book of the Lemegeton, The Goetia, from scratch seemingly unaware that the English version was nearby, in the very same Library. Many such works have been corrected, revised and redrawn that we can assume certain scribbling errors in our publication which can be corrected where possible too. We make no attempt to change the basic hand transcript in PART TWO, so the reader may refer to it for areas we may have modified for the sake of clarity, etc.

Do not take this book casually, since there is always risk in using ancient information without being prepared for the consequences. Altered states of consciousness, as may be arrived at in these practices, can be dangerous to anyone who cannot handle the energies, entities, and powers which may arise from practicing such without proper training.

Introduction by Brother MOLOCH 9.: 6.: 9.:

This is truly one of the best grimoires around to work with. You have the fortune to be holding a copy of the most complete work of its kind available. IGOS has spared no expense in getting a copy of the original manuscript, having it translated and then getting it to the public.

Bob Blanchard is one of the finest occultists out there. As an assistant Guild Master, colleague, associate and friend, he endlessly finds time to transcribe even the oldest and most difficult Occult texts available. Bob is both a hard worker and a practitioner.

I have used the first part of this book, The Goetia. It works! Believe me as one of the most outspoken Occultists out there, I feel that this book you hold in your hands is the best version for you to do your research with and use. Why? Because you don't have to read French, Latin, German or Hebrew to use this text nor to read the original.

Is this a complete book in and of itself? No, but like Bob said in the Foreword, *it was never meant to be*! Now, with the completion of books and courses on Ritual Magic available from the IGOS, you can safely make use of the practices in this book for your own designs! Will reading this book help? **ONLY IF YOU PRACTICE** what you read and research! I can't stress that enough. To make use of powerful magic formulas such as this book holds, you need to put them into practice! If you simply read a manual on how to fix something without lifting a finger to do so, will not cause the broken item to become 'fixed' no matter how much you read and this same principle applies to this book! Reading it will help you to understand it BUT to make it work, you must practice, practice, practice.

In closing, I have been given the privilege of editing and formatting this text. I have chosen to bold the font so the pages are easier to read in low level light (i.e. candlelight) Also, where applicable, I have *italicized* the names of important spirits as these names should be vibrated. IF you are deficient in knowing how to do vibration of names, then contact IGOS and ask for some books that teach how to do that very thing because it is very important to your success to do learn to do this properly.

Finally, the footnotes should be carefully read and studied as there is important information that may assist you in gleaning all you can from this rare text. I leave you with the powers of Peace! Power! Prosperity!

Clavicula Salomonis

The Lemegeton:

The Lesser Key of Solomon

Contains all the Names, orders and offices of all Spirits that Solomon ever had any converse with, and their seals or characters belonging to each Spirit and the manner of calling them forth to visible appearance in five parts called books:

1. The first part is a book of evil spirits called Goetia¹, showing how he bound up those spirits, and used them in several things whereby he obtained great fame.
2. The second part is a book of spirits partly good and partly evil which is called Theurgia-Goetia, being all spirits of the Air.
3. The third part is of spirits governing the planetary hours and what spirits belong to every degree of the signs, and the planets in the signs called the Pauline Art.
4. The fourth part of this book is called the Book Almadel of Solomon containing twenty chief spirits which governs the Four Altitudes or the 360 degrees of your Zodiac or the world or signs, etc. These last two orders of spirits are of good and is called the True-Theurgia, and is to be sought after by Divine seeking, etc.
5. The fifth part is a book of cautions and prayers that wise Solomon used upon the altar in the temple which is called Artem Novom, that which was revealed to Solomon by the Holy Angel of God, called *Michael*. And he also received many brief notes written by the finger of God which was delivered to him by the said Angel with thunder claps. Without these notes Solomon hadn't obtained his great knowledge, for by them in short time he knew all arts and sciences both good and bad. From these notes it is called the Notary Art, etc. In this book is contained the whole art of Solomon although there be many other books that is said to be his yet none is to be compared with this for this contains them all although which is the very same as this last is, that which is called Artem Novem and the Notary Art, etc.

These books were first found in the Chaldean and Hebrew tongues at Jerusalem by a Jewish rabbi and by him put into the Greek language and from thence into the Latin as it is said, etc.

Here begins the book of The Art Goetia

1. The first principal spirit is a King ruling in the East called *Bael*. He appears in diverse shapes sometimes like a calf, sometimes like a toad and sometimes like a man and sometimes all these forms at once! He speaks very hoarsely. He makes men turn invisible and rules over 66 legions of inferior spirits. This is his character² which is to be worn as a lamen on the breast of the magician who calls *Bael* forth, else he will not do you homage.
2. The second spirit is a Duke called *Agares*. He is under the power of the East and comes up in the form of a fairie or a man riding very mightily upon a crocodile carrying a goshawk on his fist. He makes them run that stand still folding back the runaways³. He can teach all languages and tongues presently (known) and has the power to destroy dignities both spiritual, supernatural and Imperial and can cause earthquakes. He was of the Order of Virtues and has under his government, 31 legions of spirits. This is his seal or character which is to be worn as a lamen, as before mentioned.

³ This reference implies bringing back runaways; perhaps those who evade the law, etc.?

⁴ "Inferior" here implies rank not power

steal. He governs ten legions of spirits and this is his seal to be worn constantly if you will have his familiarity, else not.

7. The seventh spirit is *Amon*. He is a Marquis great in power and most strong. At first he appears like a wolf with a serpent's tail, vomiting flames of fire out of his mouth. At the command of the magician, he puts on the shape of a man with dog's teeth set in a raven's head. He tells all things past and to come and procures love and reconciles controversies between friend and foes. *Amon* governs 40 legions of spirits and his seal is thus which is to be worn as aforesaid, etc.

8. The eighth spirit is called *Barbatos*. He is a great Duke and appears when the sun is in Sagittarius with four noble kings and their companies of great troops. He gives the understanding of the singing of the birds and the voices of other creatures (such as the barking of dogs, etc). He breaks hidden treasures open that have been lain by enchantments of the magicians. He knows all things past and to come and reconciles friends and those in power. He is of the Order of Virtues which some part bears rule still, etc. He rules over 30 legions of spirits, and his seal of obedience is thus, which is worn before you, etc.

9. The ninth spirit, in order, is *Paimon*, a great King and very obedient to Lucifer. He appears in the form of a man sitting on a dromedary with a glorious crown on his head and there goes before him a host of spirits like men with trumpets and well sounding cymbals and all other sorts of musical instruments etc. He has a great voice and roars at his first coming, and his speech is such that the magician cannot well understand unless he compels him. This spirit can teach all of the arts and sciences as well as other secret things. He can also discover what the earth is and what holds it up in the waters, what the wind⁵ is, or where it is, and any other thing you desire to know. He gives dignities and confirms the same. He also binds to make any man subject to the magician if he so desires it. He also gives good familiars and such. *Paimon* can teach all arts. He is to be observed towards the northwest (or West). He is of the Order of Dominions and has 200 legions of spirits under him. One part of them is of the Order of Angels, and the other of Potentates. If you call this spirit alone you must make some offering to him. There will attend him, two kings called *Beball* and *Abalam* as well as other spirits of the Order of Potentates. In his host are 25 legions because those spirits which are subject to them are not always with them, except when the magician compels them to be. This is his character to be worn as a lamen, etc.

13. The thirteenth spirit is called *Beleth*. He is a mighty and terrible King riding on a pale horse with trumpets and all other kinds of musical appearance, that is while the exorcist allays his courage. To do that, he must hold a hazel stick in his hand stretched forth towards the southeast quarter, making a triangle without the circle and command him into it by the virtue of the 'Bonds and Chains' of spirits following hereafter. If he does not come into the triangle by your threats, re-say the 'Bonds and Chains' before him and then he will yield obedience and come into it and do what he is commanded by the exorcist. Yet you must receive him courteously because he is a great King and do homage to him as the Kings and princes do that attend him and you must have always a silver ring on your middle finger of the left hand held against your face as they do yet before *Amaimon*. This great king *Beleth* causes all the love you possibly may have from both men and women until the master exorcist have had in his mind fulfilled, etc. He is of the Orders of Powers and governs 85 legions of spirits, his noble seal is thus, which is to be worn before you in the times of the working, etc.

He is the first and cheif under the power of *Amayon* and goes before all others when the magician has a mind to call him let it be abroad and let him stand on his feet at the time of the action with his cap off, for if it be on, *Amaymon*⁹ will deceive him and cause all his doings to be betrayed but as soon as the magician sees *Ashmoday*¹⁰ in the shape aforesaid. He shall call him by his name saying: "Thou art *Asmoday*" and he will not deny it and he will bow down to the ground, etc. He gives the Ring of Virtues and teaches the arts of arithmetic, geometry, astronomy and all handicrafts absolutely. *Asmoday* gives full and true answers to your demands; makes a man invisible (or invincible¹¹). He shows the place where treasure lies and guards it IF it is among the legions of *Amayon*. 33. The thirty-third Spirit is *Gaap*. He is a President and a mighty Prince who appears, when the Sun is in some of the southern signs, in a human shape. Going before him are four great and mighty Kings as though he were a guide to conduct them along their ways. His office is to make men insensible and knowing of philosophy and all the liberal sciences and can cause love or hatred. *Gaap* he can teach you how to consecrate those things which belong to the Dominion of *Amaymon*, his King, and can deliver familiars out of the custody of other magicians. He answers truly and perfectly of things past, present and that which is to come and can carry and re-carry men speedily from one kingdom to another at the will and pleasure of the magician. LEMEGETON: CLAVICULA SALOMONIS

These are the 72 mighty kings or pPrinces which King Solomon commanded into a vessel of brass with their legions, of whom *Belial*, *Bileth*, *Ashmoday* and *Gaap* were Chiefs. It is supposed it was for their pride for Solomon never declared why he thus bound them and when he had thus bound them up ad sealed the vessel, he by divine power cast them all into a deep lake or hole in Babylon and the Babylonians wondering to see such a thing there went wholly into the lake to break the vessel open suspecting to find a great treasure, but when they had broken it open, out flew all the chief spirits immediately with their legions following them. They were restored again to their former places but only *Belial* who entered into a certain image, and there gave answers to those whom did offer sacrifice unto him (as the Babylonians did for they offered sacrifices and worshiped that image as a God, etc.)

OBSERVATIONS

You are to observe first the Moon's age for your working. The best days are when the Moon is 2, 4, 6, 9 (or 8), 10, 12, or 14 days old as Solomon said and no other days are profitable, etc. The Seals of these 72 kings are to be made in metals, the chief kings (Sun) in gold; marquises (Moon) in silver; dukes (Venus) in copper; prelates (Jupiter) in either brass or tin; knights (Saturn) in lead; and presidents (Mercury) in mercury; earls (Venus and Moon combined) in copper and silver equally alike, etc.

These 72 kings are under the power of *Amaymon*, *Corson*, *Zimina* and *Gaap*, which are kings ruling in the four quarters, East, West, North and South and are not to be called forth (except it is upon great occasion) but invoked, and commanded to send such or such spirits as are under their rule and power as is shown in the following Invocations or Conjurations, etc.

The chief kings may be bound from 9:00 a.m. to 12:00 p.m. and from 3:00 p.m. until sunset. Marquises may be bound from 3:00 p.m. in the afternoon until 8:00 p.m. at night and from 9:00 p.m. until sun rising. Dukes may be bound from sunrise until noon in clear weather. Prelates may be bound in any hour of the day. Knights may be bound from dawning of the day until sun rising or from 4:00 p.m. until sunset. Presidents may be bound in any hour of the day except twilight or the king whom he is under must also be evoked. Counts or earls may be bound in any

hour of the day so long as it is in woods or any other place where men are not normally found or where there's no noise, etc.

A figure of the Circle of Solomon that he made to preserve himself from the malice of those evil spirits. This circle is to be made over nine feet in diameter.

The triangle that Solomon commanded the disobedient spirits into. It is to be made two feet from the circle and three feet over. Note this triangle is to be placed upon that place where the spirit belongs.

Solomon's Sextangled Figure

This figure is to be made on parchment of a calf's skin and worn at the front of your white vestment covered with linen cloth which is to be shown to the spirits when they have appeared that they may be compelled to be obedient and take on human shape.

The Pentagonal figure of Solomon

This figure is to be made in gold (Sun) or silver (Moon) and worn upon the breast with the seal of the spirit³⁰ on one side. It is to preserve from dangers and also to command them thereby.

Solomon's Magical Ring of Moon

To be made of silver gold, this ring is to be held before the face of the exorcist to protect from the stinking fumes of the spirits, etc.

The Secret Seal of Solomon

This by which he bound and sealed up the aforesaid spirits with their legions in the brazen vessel. This secret seal is to be made by one that is clean both inward and outward and has not defiled himself by any woman in the space of a month but has (with fasting and prayers to God) desired pardon of all his Sins.

It is to be made on a Tuesday or Saturday Night at 12:00 a.m. written with the blood of a black cock, which never trod hen, onto virgin parchment. Note on those nights the Moon must be increasing in Virgo then it is made and fumed with alum, raisins of the Sun date, cedar and lignum aloes by this seal Solomon compelled the aforesaid spirits into a brass vessel, sealed it up with the same and he gained love of all manner of persons, overcame in battle (for neither weapon, fire nor water could hurt him) and this privy seal was made to cover the vessel at the top³¹.

³⁰ The one to be summoned.

³¹ I feel that this "brass vessel" was the original *Lamp of Aladdin* which the Arabian legends spoke of. Solomon figures prominently in the tales of 1001 Arabian Nights.

The form of the brazen vessel that Solomon shut the spirits into was made in brass and to cover this vessel with the seal at the top. The other materials are a scepter or sword, miter or cap, a long white robe of linen, shoes and other clothes for the purpose. Also a girdle of a lion's skin three inches broad with all the names about it as are about the outermost round circle³².

Also perfumes and a chafing dish of charcoals kindled to put the fumes into the smoke or erfume in the place appointed for action. Also anointing oils to anoint your temples and eyes with and fair water to wash yourself in. You are to say as David said (viz):

*"Thou shalt purge me with hyssop O Lord, and I shall be clean;
Thou shalt wash me, and I shall be whiter than snow, etc."*

And at your garment's putting on, you must say:

"By the Figurative Mystery of these Holy Vestures or Vestment, I will clothe me with the Armor of Salvation in the Strength of the Highest; Ancor, Amacor, Amides, Theodonieis, Anitor; That my desired end may be effected through Thy strength Adonai to Whom the praise and glory will for ever and ever belong. Amen."

After you have so done, make prayers to God according to your work. The forms that Solomon used for any particular art is shown in the fifth part of this book which is called Artem Novem.

And by the Name *Eserchie-Oriston* which Moses named and all the rivers brought forth frogs and they went into the houses of all the Egyptians destroying all things! And by the Name *Elion*, which Moses called upon and there was great hail such as never was since the creation of the world to that day! By the Name *Adonai* which Moses named, and there came up locusts through out all the land of Egypt and devoured all that the hail had Athenans Peracletos and by the Three Holy and Sacred Names *Agla* or *Tetragrammaton*, by dreadful Judgement of God and by the uncertain seas of glass which are before the face of the Divine Majesty who is mighty and most powerful and by the four beasts before the Throne having eyes before and behind and by the Fire around the Throne and, by the Holy Angels in Heaven and by the mighty Wisdom of God and by the seal of Basdathea and by this Name *Primoumaton* which Moses named and the Earth swallowed up Corah, Dathan and, Abiram that you make faithful answers to all my demands and perform all my desires so far as this in office you are capable to perform therefore come you peaceably visibly and, affably now without delay to manifest what I desire speaking with a perfect a clear voice intelligibly and to my understanding."

If they do not come at the rehearsing of the 2 former Conjurations but without doubt they will, say on as follows, it being a Constraint.

"I conjure you Spirit (N) by all the most glorious and efficacious names of the most great and incomprehensible Lord God of Hosts that you come quickly without delay from all parts and places of the Earth and world wherever you are, to make rational answers to my demands. Come and appear visibly and affably speaking with a voice intelligible to my understanding as aforesaid I conjure and constrain you Spirit (N) by all aforesaid and by those seven names which wise Solomon bound you and your followers in a vessel of brass, *Adonay*, *Preyai*, *Tetragrammaton*, *Anopheneton*, *Inessenfatoal*, *Pathumon*, *Itemon*, that you appear

³⁴ 'Spirit N' or "n" is use in lieu of the spirit's name that you are calling; simply insert it's name here whenever you see either of these.

here before this circle to fulfill my will in all things that shall seem good unto me, and if you be so disobedient or refuse to come, I will in the Power and by the Powers of the Names of the Supreme and Everlasting Lord High God who created both you and me and, all the world in six days and, what is contained in it, ere *Saray* who by the power of this name *Primeumaton* which commands the whole host of Heaven, I curse you and deprive you of office, joy and place while binding you in the Depths of the Bottomless Pit there to remain unto the day of the Last Judgement and, I will bind you in the Eternal Fire and into the lake of Fire and Brimstone unless you come quickly! Appear here, O Spirit (N) before this circle to do MY will! Therefore come you in and by this Holy Name *Adonai Zabaoth Amiorem*, come you, *Adonai* commands you."

If you come this far and he yet does not appear you may be sure he is sent to some other place by his King and cannot come. If it be so invoke the King as follows to send him but if he does not come still then you may be sure he is bound in Chains in Hell and he is not in the custody of his King. If so you have a desire to call him from there you must rehearse the Spirit Chain. In order to invoke the King say as follows:

"O you, great and mighty and powerful King *Amaymon* who bears rule by the power of the Supreme God *El* over all spirits, both superior and inferior, of the Infernal Order in the Dominion of the East, I invoke and command you by the especial and true name of God and by the god that you worship! By the seal of your creation and by the most mighty and powerful name of God *Jehova Tetragrammaton*, who cast you out of Heaven with all other infernal spirits, by all the most powerful and great names of God who created the heavens and earth as well as Hell and all things contained in them! By their powers and virtues and by the name *Primeumaton* who commands the whole host of Heaven, you enforce and compel the Spirit (N) to come unto me here before this circle in a fair and comely shape without doing any harm unto me, or any other creature to answer truly for him to perform or accomplish through the power of God *El* who created and disposed of all things both Celestial, Airial, Terrestrial and Infernal."

After you have invoked the king in this manner twice or thrice over then conjure the spirit that you would call forth by the aforesaid conjurations rehearsing them several times together and he will come without doubt, if not at first or second time rehearsing. If he does not come as the Spirit's Chain to end the aforesaid conjurations and he will be forced to come if he is bound in Chains for the Chains must break off from him and he will be at liberty to come.

The general curse called the 'Spirit's Chain' against all spirits that rebel:

"O you wicked and disobedient spirit (N), because you have rebelled, and not obeyed nor regarded my words which I have rehearsed they being all glorious and incomprehensible names of the true God, the maker and creator of you and men,

and all the World by the power of these names which no creature is able to resist, I do Curse you into the depths of the Bottomless Pit, there to remain unto the day of doom in chains of fire and brimstone unquenchable unless you forthwith appear here before this circle in this triangle to do my will and therefore come you quickly peaceably in and by these names of God *Adonai Zabaoth*, *Adonai Amiram* come you, come you the King of Kings *Adonai* commands you."

When you have read so far and he does not come then write his seal in parchment, put it into a black box with brimstone *Asafoetida* and such like things that bear a stinking smell. Then bind up the box with an iron wire and hang it on your sword's point. Hold it over the fire of charcoal and say to the fire first it being placed toward that quarter the Spirit is to from come:

"I conjure you Fire, by Him who made you and all good creatures in this world, that you torment burn and consume this spirit (N) everlastingly because he is disobedient and obeys not my commandment nor keeps the precepts of the Lord thy God! Neither will he obey me nor my invocations having thereby called him forth I who am the servant of the Most High and Imperial Lord God of Hosts, *Jehova* and dignified, fortified by His Celestial power and permission neither comes he to answer these, my proposals, here made unto him for his adverseness and contempt he is guilty of 'Grand Disobedience and Rebellion' and therefore I shall excommunicate him and destroy his name and seal which I have enclosed in this box! I shall burn them in Immortal Fire and then bury him in Immortal Oblivion unless he comes immediately and appears visibly and affably, friendly, courteously here unto me before this circle in this triangle, in a fair and comely form in no way a terrible hurtful or frightful vision to me or any other creature whatsoever upon the face of the earth then make rational answers to my requests and perform all my desires in all things that I shall make unto him."

And if he comes not yet say as follows:

"Now O you spirit (N) since you are still pernicious and disobedient and will not appear unto me to answer to such things I would desire of you or would have been satisfied with, in the name of the power and dignity only Creator of Heaven, Earth, Hell, and all that is in them who is the marvelous dispenser of all things both visible and invisible curse you and deprive you from all your office joy and place and do bind you in the depth of the Bottomless Pit! There to remain unto the Day of Judgement and then into the Lake of Fire and Brimstone which is prepared for all rebellious, obstinate and disobediently pernicious spirits! Let all the Company of Heaven curse you! The Sun, Moon, all the stars, the light, all the Hosts of Heaven curse you into the fire unquenchable and torment unspeakable! As your name and seal is contained in this box, chained and bound up, you shall be choked in sulphurous and stinking substance! Burn in this material fire so in the name of *Jehova* by the power, dignity of these three names *Tetragrammaton*, *Anepheneton*

and *Primeumaton* cast you, O disobedient spirit (N) into the Lake of Fire which is prepared for the Damned! Cursed spirits and there remain to the day of Doom and never more to be remembered of before the face of God which shall come to judge the quick, dead and the world by fire!"

Here the Exorcist must put the box into the fire and by and by he will come. As soon as he has come, quench the fire that the box is in and make a sweet perfume. Give him a kind entertainment showing him the Pentacle that is at the bottom of your vesture covered with a linen cloth, saying:

"Behold your confusion if you be disobedient! Behold the Pentacle of Solomon which I have brought here before your presence! Behold the person of the Exorcist who is called (Octinomus³⁵) in the midst of the Exorcism who is armed by God, without fear and who potently invocated you and called you to appearance! Therefore make rational answers to my demands and be obedient to me, your master, in the name of the Lord *Bathal*, upon a black bear coming upon *Borer* rushing!"

Then he (or they) will be obedient and bid you ask what you will for he (again 'or they') are subjected by God to fulfill our desires or demands. When he (or they) have appeared and shown themselves humble and meek, then you are to say:

"Welcome spirit (or most noble King of Kings)! I say you are welcome unto me because I called you through Him that created Heaven Earth Hell and all that is contained in them! You have obeyed also by the same power I called you forth by. I bind you that you remain affably and visibly here before this circle (or 'before this Circle in this Triangle') so constant and so long as I have the occasion for you! Do not to depart without my license until you have truly and faithfully performed my will without any falsity!"

License to Depart

"O spirit (N), because you have diligently answered my demands and were very ready and willing to come at my first call, I do license you to depart into your proper place without doing any injury or danger to man or beast. Depart I say! Be ready to my call being duly exorcised and conjured by the sacred rights of Magic! I charge you to withdraw peaceably and quietly with the peace of God be ever continued between me and you. Amen!"

After you have given the spirit license to depart, you are not to forget the great blessing he has bestowed upon you in granting your desires and delivering you

from all the malice of the enemy, the Devil. Now you may command these spirits into the Brazen Vessel as you do into the Triangle saying: "that you forthwith appear before this Circle in this Vessel of Brass, in a fair and comely shape..." as is shown before in the foregoing conjurations."

THE END OF THIS FIRST BOOK CALLED GOETIA

[Publisher's Note: The reader will probably find it helpful to pause here in order to relate each book presented in type to its particular section of the manuscript copy in PART TWO. Commentary will also be made by the I.G.O.S. following the entire work printed in PART ONE, and it may also be helpful to read this short section before continuing with the rest of this work. It is in keeping with the original flavor of the ancient grimoire that we limit too much commentary, so as not to distract the natural flow of your own interpretation. Medieval grimoires were intended to be written and read as "notebooks" where the worker refers to the information often during its practice. USE AT YOUR OWN RISK!

HERE BEGINS THE SECOND BOOK CALLED:
THE ART THEURGIA GOETIA OF SOLOMON THE KING

In this following treatise you have the names of the Chief Spirits with several of the Ministering Spirits that are under them with their seals or characters which are to be worn as a lamen on your breast for without that the Spirit that has appeared will not obey to do your will.

The office of these spirits is all one for what one can do the other can do the same they can show and discover all things which are hidden and done in the world. They can fetch, carry and do anything that is to be done or contained in any of the Four Elements of Fire, Air, Earth or Water and also the secrets of Kings or any other persons or person, let it be in what kind it will.

These are by nature good and evil. That is the one part is good and the other part is evil. They are governed by their Princes and each Prince has his abode in the points of the compass as is shown in the following figure. Therefore when you have a desire to call any of the Princes or any of their servants, you are to direct yourself towards that point of the compass the King or Prince has his mansion or place of abode and you cannot well err in your operations. Note every Prince is to have his conjuration yet all of one form excepting the name and place of the spirit for in that they must change and differ also the seals of the spirits are to be changed accordingly.

As for the garments and other materials, they are spoken of in the Book Goetia, aforesaid mentioned.

†††

THE FORM OF THE FIGURE WHICH DISCOVERS THE ORDERS OF THE 31 KINGS OR PRINCES WITH THEIR SERVANT MINISTERS, FOR WHEN THE KING IS FOUND, HIS SUBJECTS ARE EASY TO BE FOUND OUT. THE FIGURE FOLLOWS:

(the figure³⁶)

You may perceive by this figure that 20 of these Kings have then fixed mansions and continue in one place and the others moveable are sometimes in one place, sometimes another and sometimes in another more or less. Therefore it is no matter the way you stand with your face when you desire to call them or their servants.

Note these spirits are by nature Evil and very false, not to be trusted in secrets but (they) are excellent in driving away 'spirits of darkness' from any that is haunted as houses.

To call forth *Pamersiel* or any of these, his servants: make a circle in the form as is shown in the first book *Goetia* before going in the upper room of your house or in a place that is 'airy' because these spirits that are in this part are all 'airy'.

You may call these spirits into a crystal stone four inches in diameter, set on a table made as follows: which is called the 'Secret Table of Solomon', having his seal on your breast and the girdle about your waist, as is shown in the book *Goetia*, you cannot err. When you have thus got what is to be prepared, rehearse the following conjuration several times, that is while the spirit comes, for without doubt he will come.

Note the same method is used in all the following spirits of this second book *Theurgia Goetia*, as is here *Pamersiel* and his servants, aforesaid.

The eleventh spirit in order but third under the emperor *Amenadiel* is called *Usiel*. A mighty Prince ruling as King in the Northwest, he has 40 diurnal and 40 nocturnal Dukes to attend him in the day and night, whereof we shall make mention of 14 that belong to the day and again for the night which is sufficient for practice. The next 4 Dukes, have 20 servants and the last 2 have 10 a piece. They are very obedient and willingly appear when they are called. "They have more power to hide or discover treasure than any other spirits" said Solomon. That contained in the book *Theurgia Goetia* when you hide would not hurt to have anything taken away that is yours, make these 4 seals in virgin parchment then lay them with the treasure or where the treasure lies and it will never be found nor taken away. The names and seals of the spirits are as follows:

There are many servants to attend them whereof we shall make mention of but 10 of the chief Dukes that belong to the day as many for the night. Every one of them has 50 servants to give attendance when their master is called. Note that those that belong to the day are very good and willing to stay there when their Master is called in the day time and those of the night are evil by nature and disobedient. These will deceive you if they can but they are to be called in the night, their names and seals of them all are as follows:

⁴³ Possibly a mistranslation since the others only have 8-10 each and these have in the hundreds.

⁴⁴ Please see original MS. In back for his seal.

His 10 Dukes (not 5 as above stated) that belong to the day follow: *Satiefiel*, *Parius*, *Tares*, *Etimiel*, *Cupher*, *Elitel*, *Aforiel*, *Elysam*, and *Aniel*⁴⁵.
(Night): *Mador*, *Peniel*, *Thalbor*, *Ladiel*, *Ugiel*, *Orijm*, *Morias*, *Cazsul*, *Dubiel*, *Pander*⁴⁶.

The thirteenth spirit in order but the first under *Demoriel* and the empire of the North, is *Rasiel*⁴⁷. He rules as King in the North and has 50 Dukes for the day and as many for the night to attend him. They have many servants under them for as to do their will, etc. Whereof we shall make mention of 16 Chief Dukes that belongs to the day because they are by nature good and willing to obey but 14 that belong to the night are by their natures evil, stubborn and disobedient and not willingly obey. All these Dukes that belong to the day have 50 servants a piece except the last 6 for they have but 30 each and the first 8 that belongs to the night have 40 servants each except the next 4 following as they have only 20 each and the last have but 10 each. Their names and seals are as follows: (The remainder belong to your day and the remainder belong to the night.⁴⁸)

The 16 that belong to the day: *Baciar*, *Thoac*, *Sequiel*, *Sadar*, *Teragh*, *Astiell*, *Ramica*, *Dubarus*, *Armena*, *Alhadur*, *Tharas*, *Vbiel*, *Chanael*, *Fursiel*, *Betasiel*, and *Melcha*.

The 14 that belong to the night, etc.: *Thariel*, *Paras*, *Arayl*, *Culmar*, *Lazaba*, *Aleasy*, *Sebach*, *Quibda*, *Belsay*, *Moraal*, *Sarach*, *Arepach*, *Lamas*, and *Thureal*.

[Again note that the MS. layout should be consulted, since numbering of any sequence of these names and seals doesn't get taken into account until the next transcription. The order is probably not one of any importance in a rank, because they are all equal, and there are also some misnumbered ones that appear as errors, too.]

The conjuration: "I conjure you O mighty and potent Prince *Rasiel*, etc."

†††

⁴⁵ Note: the *Godiel* seal looks like it was intentionally repeated as it was already used under the 11th order as listed above. The reader will find several names, etc., repeated in different sections and it could be intentional rather than merely "scribe error" since other works such as this also used these entities in more than one capacity.

⁴⁶ Again 10 not 5 as stated in a probably new scribe's error in view of other format differences, etc.

⁴⁷ possibly spelled *Raysiel*

⁴⁸ This sentence is most likely scribe's error because it makes absolutely no sense.

The fourteenth spirit in order but second under the empire of the North is called *Symiel*. He is a King who rules in the North by East. He has 10 Dukes to attend him in the day time and a 1000 for the night. Every one of these servants has a certain number of their own servants whereof we shall make mention of the 10 that belong to the day and 10 who belong to the night. Those of the day are very good and those of the night are stubborn as they will not appear willingly. Also those of the day have 720 servants among them to do their will and those 10 of the night have 790⁴⁹ servants to attend them as occasion serves.

The names of these 20 follows with their numbers of servants, etc.
The 10 that are under *Symiel* belonging to the day: *Asmiel* 160, *Chrubas* 1001, *Vafros* 40, *Malgron* 20, *Romiel* 80, *Larael* 60.

The remainder that belong to the day: *Achot* 60, *Boniel* 90, *Dagiel* 100, *Musor* 110.

The following 10 belong to the night: *Mafrus* 70, *Apiel* 30, *Curiel* 40, *Molael* 10, *Arafes* 50, *Marianu* 1001, *Narzad* 20, *Murahe* 30, *Richel* 120, *Malad* 130.

They are, by nature, all good and willing to obey.

⁴⁹ Or 720

⁵⁰ Could be only 260 - MS. deciphering again.

⁵¹ Note: they get apportioned between day and night in this new way, with your own calculations, etc.

You are to call these spirits in the same manner as is shown in the forgoing experiment of *Armadiel* and his Dukes, that is dividing the day and night into 15 equal parts.

The 15 Dukes are as follow: *Buita*⁵², *Sarael*, *Melchon*, *Cauayr*, *Cartael*, *Ianiel*, *Pharol*, *Baoxas*, *Geriel*, *Aboc*, *Monael*, *Chubor*, *Lamael*, *Doraël*, *Decaniel*.

They appear mostly in houses because they delight most there. ⁵⁹ Another name spelling is *Aenoel*.

⁶⁰ Please note: this spirit's name is identical to the sixty-third spirit of the Goetia. This could very well be scribe's error however it is possible that some spirits have the same name like humans. I will leave it up to the karcist to decide for himself.

I conjure you *Pamersiel* that you forthwith appear with your attendance in this first hour of the day, here before me in this Crystal Stone in a fair and comely shape to do my will in all things that I shall desire of you"....(*)

The Conjuration to the Four Empires

"I conjure you O great and mighty and potent Prince *Carnatiel* who is the Emperor and Chief King ruling in the Dominion of the East! I conjure

⁶¹ Please not the name of this particular spirit as "Dragon" which is a generic name for both mythical monsters and a Biblical term for Satan. Again, scribe error? - Ed.

⁶² Or "before this circle..."

⁶³ Obviously a scribing notation, evidently giving the longer form of the conjuration as an example to be used in other places noted - Ed.

Carnatiel that you forthwith appear" ... (2)⁶⁴

How to Call Them Forth and Any Other Dukes That Do Not Wander⁶⁵

"I conjure you O mighty and potent Duke (N) who wanders here and there with your Prince (N) and his other servants in the Air! I conjure you (N), that you forthwith appear"....(2)

Main Conjuration to Those Dukes That Do Not Wander but Belong to the Princes That Govern the Points of the Compass:

"I conjure you O mighty Duke (N), who rules under the Prince (N), in the Dominion of the East! I conjure you (N) that you appear forthwith (2) alone or with your servants, in this first (or second) hour of the day here before me in this Crystal Stone in a fair and comely shape to do my will in all things that I shall desire or request of you (+⁶⁶)! I conjure and powerfully command you (N) by Him that said the word and it was done! By all the Holy and powerful names of God who is the only Creator of Heaven and Earth and Hell and what is contained in them! *Adonay, El, Elohim, Elohe, Elion, Escerchi, Zebaoth, Jah, Tetragrammaton Sadai*, the only Lord God of hosts! Come peaceably, visisibly and affably, speaking to me with a voice intelligible and to my understanding! Therefore come you! Come you in the name of *Adonay Zebaoth, Adonay Aamioram*! Come! Why stay you? Hasten *Adonay Saday* the King of Kings commands you!"

⁶⁴ Go to the mark in the main conjuration following and continue from where you see (2) - Ed.

⁶⁵ Note: leave out the word "wandering" and for the word "Prince" say the word "Duke" - Ed.

⁶⁶ Note: cross yourself or use an Invoking Pentagram of Air per your choice - Ed.

When he appears, show him the seal and pentacle of Solomon saying,
"Behold the Pentacle of Solomon which I have brought before your
presence..." as is shown in the first book Goetia at the latter end of the conjurations,
or when you have had your desire of the spirit, license him to depart as is shown
there in the book Goetia etc.

So ends the Second Book called Theurgia Goetia

Here begins the book called:

The Art Pauline of Solomon the King

This is divided into two parts:

- * the First is the Angels of the Hours of the Day and Night
- * the Second is the Angels of the Signs of the Zodiac

The nature of the 24 Angels of the day and night changes every day and their offices are to do all things that are attributed to the [then known] Seven Planets but that changes every day also for as example you may see in the following treatise is that the Angel *Samael* rules the first hour of the day beginning at sun rising. Supposing it to be on a Monday, in the first hour of the day that is attributed to the Moon, and you call *Samael* or any of his Dukes, their offices in that hour is to do all things that are attributed to Mars. So the like rule is to be observed in the first hour of every day and the like is to be observed of the Angels and their servants that rule any of the other hours either in the day or night. Also again there is an observation to be made in making the seals of the 24 Angels according to the time of the year, day and hour that you call the Angel or his servants in to do your will. But you cannot mistake therein if you do but observe the example that is laid down in the following work they being all fitted for the tenth day of March⁶⁷, being on a Wednesday⁶⁸, in the year 1641 according to the old account⁶⁹. To know what is attributed to the Seven⁷⁰ Planets, I do refer you to the books of Astrology whereof large volumes have been written.

When the seal is made according to the former directions, lay it on the Table of Practice upon that part of the Table that it notes with the Character that is the Lord of the Ascendant is of, lay your hand on the said seal and say the conjuration that is at the latter end of this third part for it serves for all, only changing the names according to the time you work.

THE TABLE OF PRACTICE⁷¹

⁶⁷ Note: calendar used may not be according to the sequences of the various changes in Mohammedand, Julian, Jewish, Gregorian, etc., but probably for a more modern one of the times when scribed by later monks - Ed.

⁶⁸ Note: you could refer to a "perpetual modern calendar on the day and date of some particular year, to determine what that was, if indeed in the year of 1641 mentioned here - Ed. [Endnote: you could also use an astrological computer program that has a built in ephemeris, Julian calendar, etc., for your calculations according to this method.

⁶⁹ "if Solomon could have foreseen a year of such a future date?"

⁷⁰ See the note above on this; the monastic scribe was probably trying to make some sense of these figures, then known, as well as the contemporary works which may have been in circulation at that time. Not at all would this be out of order since our own contemporary works often refer the reader to some of the more modern ones, as we have done in this work, etc. - Ed.

⁷¹ Again, see the MS. At the end of this book

The Perfumes are to be made of such things as are attributed to the Seven Planets:

Note: Mars is the Lord of the Ascendant every first hour of the day while the Sun goes through Aries and Scorpior so is Venus the Lady of the Ascendant every first hour while the Sun goes through Taurus and Libra and so the like of the rest.

The 24 hours of the day and night

The first hour of the day is ruled by an Angel called *Samael* who has under his command many Dukes and servants. We shall mention 8 of the Chief Dukes which is sufficient for practice who have 444 servants to attend them each.

Their names are as follows (viz): *Ameniel, Charpon, Darosiel, Monasiel, Brumiel, Nestoriel, Chremas, Meresyn.*

Now to make a seal for any of these Dukes or Chief Prince *Samael*, do as follows:

- * First write the Character of the Lord of the Ascendant
- * Secondly the Moon and afterwards the rest of the Planets after that
- * The Character and sign that ascends upon the 12th house in that hour, as it shows in the sigil following which is fitted for the tenth day of March, in the year of our Lord 1641, being on a Wednesday in the first hour of the Day⁷².

The second hour of the day is called *Sovormi* and the Angel that governs this hour is called *Anael*, who has 10 Chief Dukes to attend him whereof we shall make mention of 9, but the first three are the Chiefs and the other 6 are under Dukes. They have 330 servants to attend them and these 9 are as follows:

Menerches, Sarchiel, Cardiel, Orphiel, Cursiel, Elmoijm, Ruosiel, Ermosiel, Granijel.

When you have a desire to work on the second hour of Wednesday on the tenth day of March, make a seal before you on clean parchment paper, writing first the character of the Lord of the Ascendant, then the rest of the planets and the sign of the 12th house as you see it in the sigil here. When it is made, lay it on that part of the Table that has the same Character as the Lord of the Ascendant and observe this rule in all of the following part. You cannot err then. Say the conjuration at the latter end.

⁷² Again note: this must be adjusted to current ways of working with newer information as we already have mentioned - Ed.

The third hour of the day is called *Danlor* and the Angel thereof is called *Veguaniel* who has 20 Chief Dukes and 200 lesser Dukes and a great many servants to attend them. We shall mention 4 of the Chief Dukes and 8 of the lesser Dukes who have 1,700 servants to attend them.

Their names are: *Ansmiel, Persiel, Mursiel, Zoetiel, Dremelech, Sadimel, Parniel, Comadiel, Gemary, Xautiel, Serviel, Furiel.*

These being sufficient for practice, make a seal suitable to the day and hour of the year, as this is for the time before mentioned, and you cannot err than say the conjuration.

The fourth hour of the day is called *Elechin* and the Angel who rules that hour is called *Vachmiel* who has 10 Chief Dukes and 100 under Dukes besides many servants. We shall mention of 5 of the Chief Dukes and 10 of the under Dukes who have 155 servants to attend them.

Their names are as follows: *Ammiel, Larmiel, Martfiel, Ormijel, Zantiel, Emertiel, Permiel, Queriel, Serubiel, Daniel, Fermiel, Thuzes, Vanesiel, Zasviel, Harmiel.*

They being sufficient for practice, make a seal suitable to this hour as before directed, and you cannot err, the form of it will be as this here for the time before mentioned and when it is made, do as you were before directed, then say the conjuration.

The fifth hour of every day is called *Tealeach* and the Angel ruling it is called *Sasquiel* and he has 10 Chief Dukes as well as 100 lesser Dukes and many servants. We shall mention only 5 of the Chief and 10 of the lesser Dukes who have 5,550 servants to attend them.

Their names are (viz): *Daniel, Aramiel, Maroch, Serapiel, Putrsiel, Jamieriel, Futuniel, Ramesiel, Amisiel, Omezach, Lameros, Zathiel, Fustiel, Bariel.*

These being sufficient for practice⁷³ then make a seal suitable for the time as I have given you an example of before, for the day, in the year 1641, and when you have made it, lay it upon the Table as you were before directed and say the conjuration.

⁷³ Please note: the MS. Might be missing one name since only fourteen names are mentioned. The count of five for the Chief Dukes and ten of the lesser dukes could be an error and why only fourteen names are scribed. This occurs in other places, which the reader must decide on such omissions, as well as any scribing repasts or other errors.

The sixth hour of the day is called *Genphorim* and the Angel ruling that hour is called *Samiel* who has 10 Chief Dukes and 100 lesser Dukes besides many other inferior servants. We shall only mention 5 of the Chief Dukes and 10 of the lesser, who have 5,550 servants to attend them.

Their names are these (viz): *Arnebiel, Charuch, Medusiel, Nathmiel, Pemiel, Jamiel, Jenotriel, Sameon, Trasiel, Zamion, Nedaber, Permon, Brasiel, Comosiel, Enader.*

They being sufficient for this practice in this hour of the day. Then make a seal suitable to the time of the year, day and hour as I have made one for the time aforesaid, then lay it on the Table as you were before directed and then say the conjuration.

The seventh hour of the day is called *Hemarim* and the Angel governing the same is called *Banyriel* who has 10 Chief Dukes 5, 100 under Dukes besides servants which are very many. We shall make mention of 5 of the Chief Dukes and only 10 of the lesser who have 600 servants to attend them in this hour.

Their names are these (viz): *Abrasiel, Fermos, Nestori, Namiel, Sagiell, Dusiel, Kathos.*

These being sufficient for practice in this hour, then make a seal as I give you here an example, then lay it out on the Table as you were before directed and having all things in readiness, say the conjuration.

The eighth hour of the day is called *Jenamin* and the Angel that governs the same is called *Osmadiel* who has 10 Chief Dukes and 100 lesser Dukes besides many other servants. We shall make mention of 5 of the Chief Dukes and 10 of the lesser who have 3,100 servants to attend them. They being sufficient for practice, their names are (viz): *Serfiel, Amatimm Chroelm, Mesiell, Lanthres, Demaros, Janosiel, Larfuti, Vemael, Thribiel, Mariel, Remasin, Theoriell, Framuin, Ermieel.*

Then make a seal for the 8th hour as is shown by this seal which is made for an example, then lay it on the Table and say the conjuration.

The ninth hour of the day is called *Carron* and the Angel ruling it is called *Uvadriel* who has many Dukes both of the greater and lesser order besides many other servants which are more inferior whereof 10 of the greater and 100 of the lesser have 192,980 servants in order to obey and serve them, whereof we shall mention the names of 5 of the greater Dukes and 10 of the lesser Dukes, who have 650 Chief servants to attend on them in this hour being sufficient for practice.

Their names are these (viz): *Astromiel, Charnis, Pamory, Damiel, Madriel, Chromes, Menos, Brasiel, Nesarin, Zoijmiel, Trubas, Zarmiel, Lameson, Zasnoz, Janediel.*

When you have a desire to make an experiment in this hour make a seal as aforesaid, the form of this for an example 5, when it is made, lay it on the Table as aforesaid, and then say the conjuration.

The tenth hour in any day is called *Lamathon* and the Angel ruling it is called *Oriel* who has many Dukes and servants divided into orders which contain 5,600 Spirits. "O you mighty and potent Angel *Samael* who rules the first hour of the day, I the servant of the most high God, do conjure and instruct you in the name of the most high omnipotent a immortal God of Hosts *Jehovah* (*) *Tetragrammaton* and by the name and in the name of that God that you owe obedience to and by the head of your heirarchy and by the seal or mark you are known in power by the Seven Angels that stand before the Throne of God and by the Seven Planets and their seals and characters and by the Angel that rules the sign of the 12th house which now ascends in your first hour, that you would be so graciously pleased to gird up yourself together and by divine permission to move and come from all parts of the world wheresoever you are! Show yourself visibly and plainly in this crystal stone to the light of my eyes, speaking with an intelligible voice and clear to my understanding that you would be favorably pleased that I may have your familiar friendship and constant society both now and at all times when I shall call you forth to visible appearance, to inform and direct me in all things which shall seem good and lawful unto the Creator and you, O great and powerful Angel *Samael*! I invoke, adjure command, and most powerfully call you forth from your orders and places of residence to visible appearance in and through these great and mighty incomprehensible signals and Divine Names of the great God who was is a ever shall be *Adonay Zebaoth, Adonay Amioram, Hagios Aglaon Tetragrammaton* and by and in the name *Primeumaton* which commands the whole host of heaven whose power and virtue is most effectual for all the calling you forth and command you to transmit your rays visibaly and perfectly to my sight and voice to my ears, in and through this Celestial Stone, that I may plainly see you and perfectly hear you speak unto me! Therefore move! Oh mighty and blessed Angel *Samael* and by this present name of the great God *Jehovah* and by the Imperial Dignity thereof, descend and show yourself visibly a perfectly, in a pleasant and comely form before me in this crystal stone to the sight of my eyes, speaking with a voice intelligible to apprehension, showing, declaring and accomplishing all my desires that I shall ask or request of you, both herein or whatsoever truth or thing I beg that is just and lawful before the presence of Almighty God, The Giver of All Good Gifts, unto whom I beg that He would graciously be pleased to bestow upon me, O thou servant of mercy *Samael*, be you therefore friendly unto me and do for me as the servant of the Most High God, so far as God shall give you power to perform, whereunto I move you both in power a, presence to appear, that I may sing with you, his Holy Angel *O-Napa-ta-man halle-la-jah, Amen*."

Before you call any of the Dukes, you are to invoke the Chief Governing Angel that governs the hour, the day or night, as follows:

"O you mighty and potent Angel *Samael* who by the decree of the most High King of Glory, Ruler and Governor of this first hour of the day, I the servant of the Highest, do desire and entreat you in and by these 3 great and potent names of God *Agla* and *Tetragrammaton* and by the power and virtue thereof, to assist and help me in my affairs! By your power and authority to send and cause to come to me and appear unto me all or any of those Angels that I shall call by name that are residing under your government, to instruct, help, aid and assist in all such matters or things according to their office as I shall desire or request of him or them and that they may do for me as for the servant of the Highest, Amen."

Then begin as follows:

"Thou mighty and potent Angel *Ameniel* who is the first and principal Duke ruling by divine permission under the great and potent Angel *Samael*, who is the first great and mighty Angel ruling the first hour of the day, the servant of the Most High God does conjure and invoke you in the name of the most Omnipotent and Immortal Lord God of Hosts *Jehovah* (*⁷⁶)"

When any Spirit has come, bid him welcome, then ask your desire. When you have done, dismiss him according to the order of dismissing.

- The End of the First Part of the Book Pauline -

⁷⁶ At this mark (*) you are to continue so on as before in the conjuration of *Samael*.

The Second Part of This Book of Solomon of the Art of Pauline:

This second part contains the Mystical names of the Angels of the signs in general and also the Angels of every degree of the signs in general, which are called the Angels of Men because that in some one of these signs and degrees every man is born in, therefore he that knows the minutes of his birth, he may know the name of the Angel that governs him, and thereby he may attain to all Arts and Sciences year to all the wisdom and knowledge that any mortal man can desire in this world. Note this [that] these Angels that are attributed to the Fire have more knowledge therein than any other of those of the Water have more knowledge therein than any other, and also those of the Earth have more knowledge therein than any other, and likewise those of the Air.

To know which belongs to Fire, Earth, Air and Water, observe the nature of the signs and you cannot err. For those that are attributed Aries are of the same nature Fiery and so the like of the rest, but if any planet is in that degree that ascends, then that Angel is of the nature of the sign and planet both, and observe the following method and you cannot but obtain your desire.

Here follows a Table of the Signs and Planets and their natures.

These are the 12 Angels that are attributed to the 12 signs, because of those that have not got the very degree of their nativity, so that they may make use of these Angels, if so be that they know the sign ascends.

The other Angels which are attributed to every degree of every sign of the Zodiac are as follows:

The Table of Names follows (viz): ⁷⁷

These are the Angels of the signs and their seals follow, being 12 every sign, and thirty below... ⁷⁸ [Note: This Table is probably from an alternate source, contains some errors, bits of damager etc., and probably was inserted as supplementary data as in the 5th "Book" notaer to replace a page which might have been missing in the original Museum folio. More modern Tables would be better to consult, but this information and other notae are included according to our later notes at the end of Part Oner etc.]

⁷⁷ Please see second part of the book for the MS.
⁷⁸ Note: this table is probably from an alternate source and contains some errors, bits of damage, etc., and was probably inserted as a supplementary data as in the Fifth Book "Notae" to replace a page which would be better to consult, but this information and other "Notae" are included according to our later notes at the end of Part One.

[Publishers Warning: the manuscript continues with other errors in older information, but it can be compared with more modern works to correct the correlations]

So when you know the Angel that governs the sign and degree of your Nativity and having the seal ready that belongs to the sign and degree as is shown before⁷⁹, then you are next to understand what order he is of as is shown here in the following part.

First these genijs [genies] that belong to the Fiery Region, that is Aries/ Leo/ Sagittarius and governed by *Michael*, the great Angel who is one of the Chief Messengers of God, is toward the South, and therefore these genijs which are to be observed in the first hour of a Sunday, at the 8th hour, and also at the 3rd and 10th hour at night, directing yourself towards that quarter. They appear in royal apparel holding scepters in their hands and riding on a Lion or a Cock while their robes are of a red saffron color and most comely. They assume the shape of a Crowned Queen who is very beautiful to behold.

Secondly these genijs that are attributed to Taurus/ Virgo/Capricorn are of the Earthly Regions, are governed by *Vriel*⁸⁰ who has three princes to attend him (viz) *Asaiel*, *Sochiel* and *Cassiel*, therefore the genijs that are attributed to him. These signs are to be observed in the West. They appear like Kings having green and silver robes or like little children or women delighting in hunting. They are to be observed on Saturday at the 1st, 8th hours of the day and the 3rd, 10th hours of the night. In those hours you are with privacy to obtain your desires, directing yourself towards the West as aforesaid.

Thirdly those genijs that are attributed to *Gemini/Libra/Aquarius* are of the Airy Region whose sovereign is called *Raphael* who has under him 2 Princes called *Seraphiel* and *Miel*, therefore these genijs are attributed to him and those signs are to be observed towards the East, on a Wednesday at the 1st hour of the day and 8th, at night on the 3rd and 10th hours. They appear as Kings or beautiful young men in robes of diverse colors but most comely like women transcendently handsome by reason of their admirable whiteness and beauty.

Fourthly and lastly these genijs that are attributed to *Cancer/Scorpio/Pisces* are of the Watery Regions and are governed by *Gabriel* who has under him *Samael*, *Madiel* and *Mael*. Therefore the genijs that are under these signs are governed by *Gabriel* and are to be observed on Mondays, towards the North, at the 1st and 8th hours of the day and at night at the 3rd and 10th hours. They appear like Kings having green and silver robes or like little children or women delighting in hunting.

⁷⁹ These seals mentioned are missing from the original - Ed.

⁸⁰ Another way to spell *Uriel*.

So in the next place, we are to observe the season of the year according to the constellations of the celestial bodies, otherwise we shall lose our labor; for if a genijs is of the Igneal Hierarchy it's in vain to observe him in any other season but when the Sun enters the sign which is of his nature, that is Aries, Leo and Sagittarius. So if the genijs be of the Earth he is to be observed when the Sun enters Taurus, Virgo, or Capricorn, and so the like are the rest.

Otherwise those genijs that are of the order of the Fire are to be observed in the Summer quarter, those of the Earth in Autumn, those of the Air in Spring, and those of the Water in Winter quarter. Their offices are to do all things that are just and lawful in the sight of the great God *Jehovah* and what is for our good or what shall concern the protection of our lives or beings or well-beings and the doing good to our neighbors, now he has a desire to see his genijs ought to prepare themselves accordingly. Now if his genijs are of the Fire, his demands must be for the conservation of his body or person that he receives no hurt from or by any Fire arms or guns⁸¹ or the like. Having a seal suitably prepared, he is to wear it when he has a desire to see his genijs that he may confirm it to him for the time to come he may not fail of his assistance a, protection upon any occasion. If his genijs are Airial he reconciles men's natures, increases love and affection between them and causes the desired love of Kings and Princes and secretly promotes marriages, therefore he that has such a genius before he observes him shall prepare a seal suitable to his order that he may have it confirmed by him in the day and hour of observation. Whereof he shall see strange and wonderful effects like the other 2 hierarchies and when the time has come that you would see your genijs turn your face to that quarter, the sign is and that with prayer to God, they being composed to your fancy but suitable to this matter in hand⁸² and there you shall find him. Having found him, sincerely acknowledge him, do your duty, then will he be benign and sociably enlighten your mind, taking away all that is obscure or dark in your memory and make you knowing in all Sciences, Sacred or Divine, in an instant. A form of prayer which ought to be said upon that coast or quarter where the genijs are, several times, is it being an Exorcism to call the genijs into the Crystal Stone. Note this prayer may be altered to the mind of the worker for it is set here only for an example.

The Prayer

"O you great and blessed (N), my Angel Guardian, vouchsafe to descend from your Holy Mansion that is celestial that your Holy Influence and presence be in this Crystal Stone, that I may behold your glory and I enjoy your society, aid and assistance both now and forever hereafter! O you that are higher than the Fourth Heaven and know the Secrets of *Elanel*, you who rides upon the wings of the wind and are mighty and potent in your celestial and super-sublunary motion, do descend and be present I pray of you! I humbly desire and entreat you that if ever I have merited your society or if any of my actions or intentions are real, pure and

⁸¹ In Solomon's time it was probably swords

⁸² You may compose your own prayer or use such as follows in the text for this purpose.

sanctified before you bring your external presence here and converse with me, one of your submissive pupils, in and by the name of the great God *Jehovah* whereunto the whole choir of heaven sings continually 'O Alappa-la-man Hallelujah, Amen.'

When you have said this prayer over several times as occasion serves you will at last see strange lights and passages in the stone. At last you will see your genius, then give him a kind entertainment as you were before directed, declaring unto him your mind and what you would have done.

- So Ends The Book Pauline -

Here Begins the Fourth Part of This Book Which Is Called: The Art Almadel of Solomon.

By this art Solomon attains great wisdom from the Chief Angels that govern the Four Altitudes of the World. For you must observe that there are Four Altitudes which represent the four Corners of the World: East, West, North, and South. They are divided into 12 parts that are every part 3 and the Angels of every of these parts have their particular virtues and powers as shall be shown in this following matter etcetera.

Make this Almadel of pure white wax but the others must be colored suitable to the Altitude. It is to be 4" square and 6" overall, every way and in every corner a hole. Write between every hole with a new pen these words or names of God following, but this is to be done in the day and hour of Sol, write upon the first part towards the East: *Adonay Helomi Pine*. Upon the second, towards the South part *Helion Heloi Holi*. Upon the West part *Jod Hod Agla*. And the fourth part is North, where you'll write *Tetragranrmaton Shadai Jah*.

Between the first and other of parts make the pentacle of Solomon thus⁸³ and between the 1st part write *Anabona*. In the middle of the Almadel make a Sextangle figure⁸⁴, and in the middle of it, a triangle whereon must be written these names of God: *Hell Helion Adonay*. This last name round about the six angled figure as here is made for an example. Of the same wax there must be made four candles and they must be of the same color as the Almadel is.

Divide your wax into three parts: one to make the Almadel with and the other two parts to make the candles with. Let there come forth of every one of them a foot⁸⁵ made of the same wax to support the Almadel with. This being done, in the next place you are to make a seal of pure gold or silver with gold being best. Whereon must be engraved these three names *Helion Helliun Adonay* and note the first Altitude is called *Chora Orientis* or the East Altitude. To make an experiment in this Choria, it is to be done in the day and hour of the Sun. The power and office of these Angels are to make things fruitful and increase animals and vegetables in Creation, generation advancing the birth of children, making baren women fruitful, and their names are these (viz) *Alimiel, Gabriel, Barachiel, Lebes and Helison*. Note you must pray not for any Angel but those that belong to the Altitude you have a desire to call forth. When you operate, set the four candles upon the four candle sticks but have your desire to call forth these. When doing this, be careful you do not light them before you begin to operate. Then lay the Almadel between the four candles upon a waxen base that comes from the candles and lay the golden seal upon the Almadel and having the invocation ready written in virgin parchment, light the candles and read the invocation when he appears.

⁸³ A five pointed star or Pentagram

⁸⁴ A six pointed star or Hexagram

⁸⁵ Foot = base

For he does appear in the form of an Angel carrying in his hand a fan or flag having the picture of a white cross + upon it. His body being wrapped around a fair cloud and his face is very fair and bright. A crown of rose thorns upon his head, he ascends first upon the superscription of the Almadel as if it were a mist or fog, then must the Exorcist have in readiness a vessel of earth of the same color as the Almadel is of a the other of his furniture, it being in the form of a basin, and put therein a few hot ashes or coals but not too much lest it should melt the wax of the Almadel, and put therein three little grains of Mastic powder, so that it may fume and the smoke go upwards through the holes of the Almadel where it is under it.

As soon as the Angel smells it, he begins to speak with a low voice asking what your desire is and what you have called the Prince and Governors of this Altitude for. You must answer him saying: "I desire that all my requests may be granted and what I pray for may be accomplished, for your office makes it appear and declares that such is to be fulfilled by you, if it pleases God...", adding further the particulars of your request, praying with humility for what is lawful and just that you shall obtain from him. But if he does not appear presently, you must then take the golden seal and make with it three or four marks upon the candles, by which means the Angel will presently appear as aforesaid. When the Angel departs he will fill the whole place with a sweet and pleasant smell which will be smelled a long time and note the golden seal will serve and is used in all the operations of all the four Altitudes.

The color of the Almadel belonging to the 1st Altitude or Chora is Lilly White; the second Chora is a perfect Red Rose color; the third is to be a Green mixed with a White Silverish color; the fourth Chora is to be Black mixed with a little Green, or a sad color.

Of the Second Chora or Altitude

Note all of the other three Altitudes with their signs and Princes with powers over goods and riches can make any man rich or poor as the first Chora gives increase and makes fruitful, so do these give decrease and barrenness. If any have a desire to operate in any of these three following Choras or Altitudes, they must do so in the Sun in the manner as above shown, but do not pray for any thing that is contrary to the nature of their office or that is against God and his laws, but what God gives according to the custom or course of nature that you may desire.

Obtain all of the furniture that is to be used is to be of the same color of the Almadel, and the Princes of this second Chora are named (viz): *Aphiriza*, *Genon*, *Geron*, *Armon*, *Gereimon* and when you operate, kneel before the Almadel, etc., with clothes of the same color in a closet hung with the same colors also for the holy apparition will be of the same colors. When he appears you put an earthen vessel under the Almadel with a fire of hot ashes and three grains of Mastic gum to perfume as aforementioned. When the Angel smells it, he turns his face towards you asking the Exorcist with a low voice "why you have called the Prince of this Chora or Altitude?" which you must answer as before said, "I desire that my requests may be granted and the contents thereof may be accomplished; for your

office makes appear and declares that such is to be done by you, if it please God, etc."

You must not be fearful but speak humbly saying, "I recommend myself wholly to your office and I pray unto you, Prince of this Altitude, that I may enjoy and obtain all things according to my wishes and desires, etc." and you may further express your mind in all particulars in your prayer, and do the like in the other two Choras following.

The Angels of the second Altitude appear in the form of a young child with clothes of Satin of a Red Rose color having a crown of red lily flowers upon his head, his face looks upwards to Heaven and is of a red color while accompanied round about with a bright splendor as the beams of the Sun. Before he departs he speaks unto the Exorcist saying, "I am your friend and brother," and he illuminates the air round about with his splendor then leaves a pleasant smell which will last a long time upon their heads.

Of the Third Chora Or Altitude

In this Chora you must do in all things as you were before directed in the other two, the Angels of this Altitude are named (viz): *Ehphasai*, *Gelomiro*, *Godobonal*, *Saranava*, and *Elomina*. They appear in the forms of little children or little women dressed in green and silvery colors. Very delightful to behold and a crown of bays⁸⁶ beset with white and green colors upon their heads and they seem to look a little downwards with their face. They speak as the others do to the Exorcist, and leave a mighty sweet perfume behind them.

Of the Fourth Chora or Altitude

In this Chora you must do as before in the others. The Angels of this Chora are called *Barchiel*, *Godiel*, *Deliel*, and *Captiel*. They appear in form of little men or boys with clothes of black color mixed with a dark green. In their hands they hold a bird which is naked and their heads encompassed round about with a bright shining [light] of diverse colors. They leave a sweet smell behind them also but somewhat different from the others.

Note there are 12 Princes besides those in the four Altitudes and they distribute their offices among themselves every one and ruling 30 days every year. Now it will be in vain to call any of the Angels unless it is those that governs them, for every Chora or Altitude has its limited time according to the 12 signs of the Zodiac and in that Sign the Sun is in, that or those Angels that belong to that Sign have the government. As for example, suppose I would call the first two of the five that belongs to the first Chora, then choose the first Sunday in March after the Sun has entered Aries, then I make an experiment and so do the like if you will, the next

⁸⁶ Bays = bay laurel leaves (a wreath)

Sunday after again and if you call the two second that belong to the first Chora that Sunday, after the Sun enters Taurus in April, but if you will call the last of the and then you must take the Sunday that is in May after the Sun enters Gemini to make your experiment in. Do this in the other Altitudes for they have all one way of working but the Altitudes have a name formed severally in the substance of the heavens over a character, for when the Angels hear the names of God that are attributed to them. They hear it by virtue of that character, therefore it is in vain to call any Angel or spirit unless he knows what name of God to call him by, therefore observe the form of this Conjunction or Invocation following:

THE INVOCATION

"O great blessed and glorious Angel of God (N) who rules and is the Chief Governing Angel in the first Chora or Altitude, I the servant of the highest, the same our God *Adonay Helomi* and *Pine*, whom you do obey and is the distributor and disposer of all things both in Heaven, Earth and Hell, do invoke conjure and entreat you (N) that you forthwith appear, in the virtue and power of the same God *Adonay Helomi* and *Pine* and do command you by him whom you do obey and is set over you as King by the divine power of God, that you forthwith descend from your orders or place of abode, to come to me and show yourself plainly or visibly here before me in this Crystal Stone in your own proper shape and glory, speaking with a voice intelligible and to my understanding! O mighty and powerful Angel (N) who are by the power of God ordained to govern all animals, vegetables and minerals and to cause them and all creatures of God to spring increase and bring forth according to their kinds and natures! I the servant of the most high God whom you obey, do entreat and humbly beseech you to come from your Celestial Mansion and show unto me all things I shall desire of you so far as in office you may or can or are capable to perform if God permit it so, the same, O you servant of mercy (N) I do humbly entreat and beseech you in and by those Holy and Blessed Names of your God *Adonay Helomi Pine* and I do also constrain you in and by this powerful name *Anabona* that you forthwith appear visibly and plainly in your own proper shape and glory in and through this Crystal Stone that I may visibly see you and audibly hear you speak unto me and that I may have your blessed and glorious Angelical assistance familiar friendship and constant society, community and instruction both now and at allotted times to inform and rightly instruct me in my ignorance and depraved intellect judgement and understanding! To assist me both herein and in all other truths else the Almighty *Adonay*, the King of Kings, the giver of all good gifts that his bountiful and fatherly mercy be graciously pleased to bestow upon me! Therefore O thou blessed Angel (N) be friendly unto me so far as God shall give you the power and presence to appear, that I may sing with his Holy Angels 'O Mappa la man Hallehija!'"

When he appears give him or them kind entertainment and then ask what is just, lawful, proper and suitable to his office and you shall obtain it.

- SO ENDS THE FOURTH BOOK CALLED -
THE ALMADEL OF SOLOMON THE KING

[Publisher's Note: It is recommended that the reader look over those excerpts in the manuscript which were intended as the Fifth Book - see further notes on this, in the following section]

Editor's Note:

It should also be noted that there are errors in some of it and that it's difficult to make much sense of as any kind of "Book" on the Notary Arts. It's not even certain that such an inclusion of these scant and scattered materials was intended as any kind of a Book, so the reader will have to see just what use may be made of any of the materials which might appear to be connected with the rest of the ms. Bear in mind, too, that there is some missing and alternate information, such as extra pages which were modifications of Book Two, the Theurgia-Goetia, and other illustrations intended perhaps to supplement the original document, etc.

Of course, more modern sources may be of better help, as to the Notary Arts, and the readership is encouraged to make those research efforts as a more current way of understanding how it all pertains to this Lesser Key of the Magus, King, Solomon.

Grimoire Notae The Fifth Book: The Notary Art⁸⁷

We leave most of this "book" up to the reader to look through where found in the manuscript and to decide on what use may be made of it. We include a few stray pages which were somehow included, too, and a bit of supplemental material which might apply as to any other missing materials, or alternate pages used, etc.

We'd also like to mention that it was common practice to add to grimoires, even make certain changes in them when more modern information would come to light, especially as to sharing the materials among those who could be trusted with secret, magical information during the Inquisition. Often, at Seasonal times such as the Grand Sabbats, the Sorcerers would set aside special times and a place where grimoires could be circulated, notes taken, etc. It was always wise not to let this kind of writing to fall into the wrong hands! Of course, there was always a bit of rivalry, too, so that one might "borrow" another's ideas to include in her or his own grimoire notebook, to the point that the original author's work was changed so much it couldn't later be recognized in its newer form. Such was the case, as usually seen in some of monastic scribing, too. So this Fifth Book could be a product of

⁸⁷ Note: the Artem Novum (Notary Art) Book does not exist as an actual book but is rather a scattered and undeveloped jotting down of some explanations or at best supplementary notations which may have been intended for use with some of the rest of the manuscript, i.e the Goetia, etc. We leave most this book up to the reader to look through where found in the

some of the goings on of that particular era, where the Notary Art section was attempted against the backdrop of these kinds of activities.

Rather than speculate too much on this Fifth Book, we refer the reader to some of the better works of mention on the subject, and add only the few associated materials which may apply. In this regard, we provide next an alternate transcription of the instructions for seal making, etc. Our own brief, general Commentary will follow this section prior to Part Two.

Recall though, what the Magus, King Solomon, did have to say in his so-called "Greater Key" of mention, as here paraphrased:

"Here ends our Key, that which if you thoroughly instill into your memory, you will be able, if it pleases you, even to fly with the wings of the wind. But if you take little heed of this, dispose of this book, [as] you never will attain unto the end what you desire in any Magical experiment or operation whatsoever.

For in this Book is comprised all Science of Magical art, and it should be strictly kept by you. And hereunto is the end of our Key, Name of God the Righteous, the Merciful, and the Eternal, lives and reigns throughout the Ages! Amen."

And possibly, Solomon would have written: Here Begins and Ends the Fifth Book, The Notary Art, as fragments you must make some sense of in the future times! Or use what you may of these notes all given unto you, for they are of Solomon, the Magus, the King!!!

Make this seal when the Sun enters Pisces of Gold, Iron, Copper and Silver, of two drams each, and of one scruple of Tin. Let this be melted to engrave it in the same hour the Sun enters eisces.

[The reader may refer to any standard Apothecary Table of Weights and Measures, to relate what these quantities are. Also, according to modern times, the above may be made on paper or velum, with the designated colors of ink].

I.G.O.S. COMMENTARY

At this point in our presentation of the Lesser Key, Grimoire of King Solomon, we should like to re-state that this information has not been censored in any way. These words of Solomon The Magus-King, stand on their own, and are presented for research purposes only! **USE AT YOUR OWN RISK!**

I.G.O.S. does have certain policy standards, though, and any of these eldritch works are not to be construed as our own point of view, but for the reason of providing our readership with such information that must be used wisely.

We now quote from OUR own policy:

The Society does not believe in any form of Devil worship

The Society does not believe in the killing or spilling of any human or animal blood

The Society believes in aggressive, Positive Magick

The Society believes in teaching all of the Occult Sciences without holding back any secrets to anyone who seeks the knowledge

The Society believes in translating ancient books and compiling new courses and other materials into many languages for use by all cultures in the world, not just a select few. We have already translated many ancient grimoires into English. We will continue this important work with the many other texts which are in our possession alone. We distribute quality information for practical application of the Occult Sciences including the finest courses, books and research products available in the world today. IGOS compiles this information to produce better products to help mankind. To have positive change, everyone must have powerful knowledge. IGOS is also compiling an international data base/library for all past, present and future information and research on the occult.

It should also be kept in mind that many Old Testament practices involved the sacrifices of animals, blood-rites, and the like and while many of these ancient rituals still exist in symbolic forms (i.e the Christian mythos). To be quite sure, this fact of modern life cannot be censored no more than can we burn all of the books on such a subject. Human history has been replete with magico-religious forms, from ancient times of the hunter, the cave-artist's magical "kill" marks, to the subsequent forms passed down to the ancient peoples of the times of King Solomon. Churches and States did try, in the burning times to not only burn the books, but also the people who aspired to this kind of knowledge and practice while the flavor of sacrifice and blood-rites continued to be maintained in a more "civilized" form, as accepted even today in organized religions.

Therefore, it can be said that substitutes can be used: if bread and wine can be used in the place of flesh and blood (i.e. the Christian Eucharist), then there can be no quarrel with Magic using velum or parchment (instead of flesh-hides) and colored ink (instead of the blood mentioned), so that no creature ends up killed in any symbolic recreation of the ancient ways expressed in this Grimoire (or for that matter, in the Bible!)

Furthermore, since Sorcery has always held to a certain balance of all things, in our own concept of Positive Practical Magic, that the I.G.O.S. would recommend using a balance of your own better judgement in any attempts at using the information provided. Do NOT invoke demons if you can't balance such a practice with some positive knowledge, protection, etc. This is a dark way of learning the hard way, and you put yourself at great RISK!!! Please *do* investigate this grimoire, but relate it to our own times and your own practice.

remain assiduously & visibly here before this circle (or before this circle in this Triangle Δ) so constant & so long as I have occasion for
you & not to depart without my licence until you have truly & faithfully performed my will without any falsity

The Licence to Depart
Thou spirit N because thou hast diligently answered my demands & was very ready & willing to come at my first call I do here
licence thee to depart into thy proper place without doing any injury or danger to man or beast depart I say & be very ready
to my call being duly decreed & conjured by the sacred rights of Magick I charge thee to withdraw peaceably & quietly & the
will of God be over continued between me & thee Amen
After you have given the spirit licence to depart you are not to go out of the circle till they be gone & you have made pray-
ers to God for the great blessing he hath bestowed upon you in granting your desires & delivering you from all the malice of the
enemy the Devil & now you may command these spirits into the brason vessel as you do into the triangle saying that you see
with appear before this circle in this vessel of brass in a fair & comely shape & as it is shewed before in the foregoing Conjurations -

The End of this third Book called Contin

Here Beginneth The second Book called the Art Theurgia
Goetia of Solomon the King

In this following treatise you have the names of the Chief Spirits with several of
ministering spirits that are under them with their seals or characters which is to be written
as a lamen on your breast for without That the spirit that is appeared will not obey
do your will

The office of these spirits is all one for wha one can do the other can do the same
can show & discover all things that is hid & done in the world & can fetch & carry
& do any thing that is to be done or contained in any of the 4 Elements fire
Earth or water & also the secrets of Kings or any other persons or persons
it be in what kind it will

These is by Nature good & Evil that is the one part is good & the other part is
they are governed by there princes & each prince hath his Abode in the part
of the Compass as is showed in the following figure therefore when you
advised to call any of the Princes or any of there servants you are to direct
self towards that point of the compass the King or prince has his mansion or
of Abode & you cannot well err in your operations note every prince is to
have his conjuration yet all of one form excepting the name & place of the
spirit for in that they must change & differ also the seals of the spirits is to be
changed accordingly

As for the garments & other materials they are spoken of in the Book Goetia

The Form of the Figure which discovers the orders of the 31 Kings
or princes with there servants Ministers For when the
King is found his subject is Easy to be found out
The Figure shall be

You may perceive by this figure that 20 of these Kings have their first names & continue in one place & the other is
 in one place & sometimes together & sometimes in another place or less
 with may you stand with your face upon your feet to call them or their servants Carchiel is the
 of standing spirits which is most superior than the others who are not to be named but only of the chief Kings

Nolo these spirits are by nature evil & very false not to be trusted in secrets but are excellent in driving away spirits of darkness from any that is lawfully aspires to call forth. Jameriel or any of these his servants makes a circle in the form as is shewed in the 1st Book Goetia before going in the upper Room of your house or in a place that is airy because these spirits that is in this part are all airy you may call these spirits into a Crystall Stone A Inches Diameter sett on a table made as followeth which is called the secret table of Solomon having his seat on your breast & the Girdle about your waist as is shewed in the 1st Book Goetia & you cannot err the form of this table is this when you have thus got what is to be prepared. Rehearse the Conjuratation following several times that is whilst the spirit comes for without doubt he will come. Nolo the same method is used in all the following spirits of this 2^d Book

Now beginneth of Book called the Art Pauline of Solomon the King & this is divided
into three parts the first the Angels of the hours of the Day & night the second the
Angels of the signs of the Zodiac as hereafter followeth

The Nature of the 24 Angels of the Day & night changeth every day & there officers is to do all things that is attributed to the
7 Planets but that changeth Every day also as for example you may see in the following treatise that the Angel Samael ruleth
the first hour of the day beginning at Sun Rising supposing it to be on a Monday in the first hour of the Day that is Attributed
to the Moon And you call Samael or any of his disciples there officers in that hour is to do all things that is attributed to
the Moon but if you call him or any of his servants Duke on a Tuesday morning at Sun rising being the first hour of the
day there officers is to do all things that is attributed to Mars & so the like But is to be observed in the first hour of every day
& the like is to be observed of the Angels & there servants that ruleth any of the other hours either in the day or night also agree
there is a conclusion to be observed in making the seals of the 24 Angels according to the time of the year day and hour
that you call the Angel or his servants in to do your will but you cannot mistake therein if you do but observe
the Example that is laid down in the following work they being all fitted for that fourth day of March being on a Wed-
nesday in the year 1641 according to the old Account to know what is attributed to the 7 Planets I do refer you to

These are the Angels of the signs & there shall be 12 every sign one

So when you know the Angel that governs the Sign & Degree of your nativity & having the Real Ready that belongs to the Sign & Degree as is shown before then you are not to understand what order he is of as is shewed here in this following part

First these Geniis that belong to the fiery Region that is V R L X and governed by Michael the Great Angel who is one of the Chief Messengers of God one is toward the South Therefore these Geniis is to be observed in the first hour of a Sunday & at the 8th hour also at the 3rd & 10th at night. Dinsling your self towards that quarter they appear in Royall Apparell holding scepters in their hands of Riding on a Lion or a Cock there be some of a Red & fasson (faint & most) Comely they Assume the Shape of a Crowne Queen & very beautifull to behold

Secondly these Geniis that is Attributed to 8 M V V is of the Earthly Region & is governed by Uriel who hath 3 princes to attend him (viz) Asael Sochiel & Cassiel Therefore these Geniis that is Attributed to him & these signs is to be observed in the west they appear like Kings having green Silver Robes or like little Children or women delighting in hunting as they are to be observed on Saturdays at the 1st & 8th hours of the day & the 3rd & 10th of the night in those hours you are with privacy to obtain your desires directing your self towards the west as is shewed

Thirdly these Geniis that is Attributed to II = & is of the Aery Region whose Sovereign is called Raphael who hath under him 2 Princes viz calling Semyhid & Miel Therefore these Geniis which is Attributed to him & these signs is to be observed towards the East on a Thursday the 1st hour of the day & 8th & at night the 3rd & 10th hours they appear as Kings or beautiful young men in Robes of Divers Colours but most comely like Solomon transcendently Handsome by Reason of there Admirable Attenuation beauty

Fourthly & lastly these Geniis that is Attributed to 69 IIII & is of the Watry Region & is governed by Gabriel who hath under him Samael Madiel & Macl Therefore these Geniis that is under these signs & is governed by Gabriel and to be observed on Mondays towards the North & at the 1st & 8th hours of the day & at night at the 3rd & 10th hours they appear like Kings having green & silver Robes or like little Children or women delighting in standing

Now the next place we are to observe the Season of the year according to the Constellations of the Celestial Bodies otherwise we shall lose our labor for if a Geniis be of the general Element it is in vain to observe him in any other seasons but when the Constellations of the signs which is of his nature that is V R L X so if it be a Geniis of the South he is to be observed when the Constellations 8 M V V & so the like in the East otherwise thus these Geniis that is of the order of the first is to be observed in the summer quarter & those of the South in Autumn & those of the Air in Spring & those of the water in winter quarter

Now as to all things that is just & Lawfull in the sight of the Great God Jehovah & what is for our good & what shall Concern the preservation of our lives or living or well being & the doing good to our Neighbors now he that hath a desire to see his Geniis out to improve himself accordingly now if his Geniis be of the first his demands must be for the conservation of his body or Person that he receive no hurt from any evil spirit or the like & having a belutable ready prepared to it to move it when he hath a desire to see his Geniis that he may be confident to him that for the time to come he may not feel of his Assistance & protection upon any occasion But if his Geniis be second he desireth more pleasures & wealth to see & affection to him then wealth the desire of Kings & princes & secretly promote marriages & therefore he that hath such a Geniis before he observe him shall prepare a belutable to his order that he may have it confirmed by him in the day & hour of observation when he shall see strange & wonderful things & so the like of the other 2 & afterwards when the time is come that you would see your Geniis turn your face to that part the sign is & that with prayer to God they being compassed to your fancy but suitable to this matter in hand there shall find him & having found him suddenly acknowledge him do your duty then he will be as long as long & so shall illuminate your mind & in any case that is obscure & dark in the ordinary & shall you knowing in all seasons & signs & directions an exercise of prayer with ought to be said upon that case or quarter where the Geniis is several times & being an exercise to call the Geniis into the Crystal Stone note this & never may be missed to the mind & the matter

[illegible]

Now Beginneth the Fourth Part of this Book Which is Called the Art Almadel of Solomon
The last art of Solomon affords artful wisdom from the first book of the

By this art Solomon attains great wisdom from the Spirit Angels that governs the 4 Altitudes of the World for you must observe that
 there are four Altitudes which represent the 4 Corners of the world East West North & South the web is divid'd into 12 parts that is every
 part is the Angels of Every — of these parts hath there particular figures as shall be shew'd in the following matter yet
 make this Alimadel of 12 parts these but the Others must be Coloured suitable to the Altitudes it is to be 4 Inches Square & 6 inches
 every way & in Every Corner a hole & write betwixt every hole Coloured suitable to the Altitudes it is to be 4 Inches Square & 6 inches
 in the Day & hour of Sol write upon the first Part towards the East Altitude.

Helion Heloi Heli & upon the second towards the South part
 north writ Tetragrammaton thus & betwixt the first with the other part make the
 pentacle of Solomon thus  & betwixt the first Quart, write this word Anafona
 a triangle wherein must be written these names of God *Yeshu* *Yehoi* *Adonai*
 & this last name *Adonai* about the 6 Angles figure as here it is made for an
 Example & of the same wax there must be made 4 Candles & they must be
 of the same Colours as the Almadel if of divide your wax into 3 parts on for
 to make the Almadel of & the other 2 parts & make the Candles of & let them
 come forth of every one of them a foot made of the same wax to support the
 Almadel with this being done in the next place you are to make a seal of pure
 Gold or Silver but Gold is best wherein must be engraven these three names
Helion Helion Adonai & note the first Allitude is called *Chom* *Chom* is or the
 East Allitude to make an Experiment in this Chom it is to be done in the day-
 full power of the sun & the power of the 4 Angles it is to make all things grow
 the Birth of Children & making Barren Women fruitful & their names in
 these (viz) *Almadel* *Gabriel* *Bainchiel* *Levi* & *Yehoi* & note you must not pray
 for any Angel but those that belong to the Allitude you have desired to call
 forth wherein you operate sett the 4 Candles upon 4 Candles sticks but be
 carefull you do not light them before you begin to operate then lay the Almadel
 between the 4 Candles upon a waxen foot that comes from the Candles & lay the
 Golden seal upon the Almadel & having the generation *Adonai* written in virgin
 Parchment light the Candles & Recite the Invocation & when he appears he says

Appareth in the form of an Angel carrying in his hand a fower or five having the Riches of a white rose upon it his body being wrapped round with
 a fair cloud & his face very fair & bright & a crown of Rose flowers upon his head he ascends first upon the superscription of the Almadel
 is it it were a mist or fog then must the Exorcist have in Readinesse a vessell of Earth of the same colour as the Almadel is of & the
 ether of his furniture being in the form of a Basket & put therein a few hot Ashes or coales but not too much so that it should melt the
 wax of the Almadel & put therein 3 little gromes of Mastick in powder so that it may burne & the smelle go upwards through the holes of the
 Almadel when it is under it was seen as the Angel smelleth it he beginneth to speake with a low voice asking what your desire is &
 what you have called the prince & governor of this Altitude for then you must answer him saying I desire that all my requests
 may be granted & what I pray for may be Accomplished for your office maketh it Appare & declareth that such is to be fulfilled by ye
 if it please God shewing further the particulars of your Request praying with humility for what is Lawfull & just & that you shall obtaine
 from him but if he do not appeare presently you must then take the Golden Seal & make with it 3 or 4 Markes upon the parchment
 by such means the Angel will presently appeare as I have said & when the Angel departeth he will fill the whole place with a sweet
 & pleasant smell which will be smelt a long time & note the Golden Seal will serve & is used in all the operations off all the 4
 Altitudes the colour of the Almadel belonging to the first Altitude or Chora is Lilly white the 2^d Chora appoynted Redd (colours)
 the third Chora is to be a green mixt with a white Silver colour the 4th Chora is to be black mixt with a little green or a Lav
 colour

Of the Second Chora or Altitude

Note all the other 3 Altitudes with their signers Prince & Governor over goods & riches & can make any man richer poor & as the
 first Chora gives increase & maketh fruitful so these gives decrease & barrenness & if any have a desire to operate in any of
 these 3 following Choras or Altitudes they must do it in this sort in the manner as above is shewed but do not pray for any
 thing that is contrary to the nature of these offices or that is against God & his Laws but what God giveth according to the
 custom or course of Nature that you may desire & obtaine all the furniture is to be used is to be of the same colour the Almadel is
 of & the gromes of this 2^d Chora is named (viz) Sphiriza Genon Geron Shmone & when you operate & send before
 the Almadel with clothes of the same colour in a close hurry with the same colours also for the holy operation will be of the
 same colour & when he appeareth put in Earthen vessel under the Almadel with fire or hot Ashes & 3 gromes of Mastick to
 perfume as I have said & when the Angel smelleth it he turneth his face towards you asking the Exorcist with a low
 voice why he hath called the prince of this Chora or Altitude then you must answer as before I desire that my requests may
 be granted & the contents thereof may be accomplished for your office maketh appear & declareth that such is to be
 done by you if it please God & you must not be froward but speak humbly saying I recommend myself wholly to your
 office & I pray unto you prince of this Altitude that I may enjoy & obtaine all things according to my wishes & desires &
 you may further express your mind in all particulars in your prayer & do the like in the other 2 Choras following

The Angels of the second Altitude appeareth in the form of a young Child with Reths of a Satin & of a Redd Rose colour
 having a Crown of Redd Lilly flowers upon his head his face looketh upwards to heaven & is of a Redd colour & is compassed
 round about with a bright splendor as the banner of the Lord & as he departeth he speaketh unto the Exorcist say
 ing I am your friend & brother & illuminateth the air Round about with his splendor & leaveth a pleasant smell
 which will last a long time upon those hands

Of the 3^d Chora or Altitude

In this Chora you must do in all things as you have before directed in the other 2 the Angels of this Altitude is named
 (viz) Eliphazai Gelomirai Godebomai Sazanava & Elomira they appear in the form of little children or little women
 dressed in green & Silver colours very delightfull to behold & a crown of bayes besett with white & green colours
 upon their heads & they seeme to look a little down words with their face & they speak & the others do to the
 first or leaveth a mighty sweet perfume behind them

Of this Twelfth Chora or Altitude.

In this Chora you must know before in this other is the length of this Chora is called Barhiel G'ediel Delist & Capitel They appear in form of little men or boys with cloths of a black colour mixt with a dark green & in their hands they hold a third week is made & their heads compass'd round with a bright shining & divers colours they leave a small smell behind them also but differ from the others something

Note then if 1st Prince consider these in the 1st Altitudes & they distribute there offices amongst themselves every one ruling 30 days every year now it will be in vain to call any of the Angels unless it be those that govern them for every (them or Altitude) hath its limited time according to the 12 signs of the Zodiac & in that sign the Sun is in that or those Angels that belong to that sign hath the government as for Example suppose I would call the 2nd first of the 5th that belong to the first (them then) the first Sunday in March after the Sun hath entered Aries & then I make an Experiment & so do the like if you will the next Sunday After again & if you will call the 2nd second that belong to the first (them) that Sunday After the Sun hath entered Virgo in Aprill but if you will call the last of the 5th then you must take those Sundays that is in May after the Sun hath entered II to make your Experiment in do the like in the other Altitudes for they have all one way of working but the Altitudes have a name formed severally in the substance of the heavens under a Character for when the Angels hear the names of God that is attributed to them they hear it by virtue of that Character therefore it is in vain to call any Angel or spirit unless he knows what name of God to call him by therefore observe the form of this Conjunction or Invocation following

The Invocation
O thou great blessed & glorious Angel of God (11) who rulest and is the chief governing Angel in the first Throne or Assistance in
the service of the highest the same thy God Adonai Shalom & pine whom you do obey & is the distributor & disposer of
all things both in Heaven earth & Hell do invoke, conjure & intreat y^e (11) that thou forthwith appear in the virtue
& power of the same God Adonai Shalom & Pine & I do command thee by him whom you do obey & is not over you as King by
his divine power of God that you forthwith descend from thy orders or place of abode to come unto me & show thyself
plainly & visibly here before me in this Crystall Stone in thy own proper shape & glory speaking with a voice intelligible
